

Christian County 9-1-1/Sheriff's Office is seeking applicants for the position of Public Safety Telecommunications Operator/ 9-1-1 Dispatcher.

This position is responsible for efficient and prompt processing, dissemination and dispatching of information received through monitoring and answering all emergency and administrative phone lines, radio frequencies, computer-aided dispatch computers and any other equipment as required. Minimum requirements include fast-paced customer service experience, demonstrated multi-tasking and keyboard skills, and the ability to perform in a stressful situation and/or environment.

Candidates must be at least 18 years of age and have a high school diploma or equivalent. Applicant must be able to attend a written testing time, which will be scheduled at a later date. Must pass any required background investigation, drug screening, hearing and vision testing, written/typing test, and oral interview.

**\*\*Please Note\*\***

You have to initially be hired on a part-time status and go through a training/evaluation period. If at the end of the training period you meet the standards and a full time position is available, full time positions will be offered. We understand this isn't the typical hiring process; however, due to the information/systems you will have access to, it is required.

Applications may be picked up at the Christian County Sheriff's Office or the Employment Application Link
